SKILLS

Javascript | React | Mobile App Development | React Native | Node | Agentic Ai

EDUCATION

Btech

Sagar Institute Of Research and Technology,
July 2019 - May 2023 | Score: 8.5

PROFESSIONAL SUMMARY

Results-driven Full Stack Software Engineer with 3+ years of experience designing, developing, and deploying scalable web applications. Skilled in React, Node.js, TypeScript, and cloud technologies with a strong focus on performance, user experience, and maintainable code. Passionate about solving complex technical challenges and delivering high-quality software solutions.

WORK EXPERIENCE

SOftware Engineer

July 2023 - present

Argusoft

- Engineered high-performance iOS and Android applications using React Native, delivering fast, stable, and long-lasting mobile experiences.
- Spearheaded the transition from junior developer to Solution Analyst by architecting clean, modular codebases and instituting rigorous edge-case testing protocols.
- Diagnosed and resolved complex platform-specific bugs across iOS and Android, dramatically reducing crash rates and enhancing user reliability.
- Integrated full-stack solutions by collaborating with React, Vue.js, and Node.js teams, ensuring seamless data flow and cohesive system architecture.
- Designed and implemented reusable component libraries and UI modules, accelerating feature delivery and maintaining visual consistency across mobile and web platforms.
- Conducted performance profiling and refactored critical code paths, cutting memory usage and boosting frame rates on both iOS and Android devices.
- Championed continuous learning initiatives, leading knowledge-sharing workshops on React Native best practices and cross-platform optimization techniques.

KEY PROJECTS

Agentic Content Intelligence Platform

Agentic AI, Typescript, Postgres

An AI-driven content intelligence platform combining SEO automation, content analysis, scheduled agent workflows, orchestration, and human-governed execution.

SkillNora

Node, React, TypeScript

Full-stack LMS featuring AI-driven lecture insights, secure video delivery, and proctored testing. Includes multi-role dashboards, automated certificates, and seamless Razorpay checkout.
